

Evidence Presentation System
Instructions For Macbook
(Point-To-Point Connection Only, No Internet Access)

Connection to Evidence Presentation System

1. Turn on Cynap screen by using white remote.
2. Go to WIFI and connect to courtroom.
 - a. Courtroom = CR plus courtroom number (e.g., Courtroom 7A = CR7A)
 - b. Password = courtroom plus courtroom number (e.g., Courtroom 7A = courtroom7a)
3. Go to settings and select display.
4. Turn on Airplay and select courtroom.
5. Type in evidence presentation code, which can be found at the top left-hand side of projection screen (four-digit code) and click okay.

Annotation Feature on Witness Monitor (Touch Screen)

1. Touch the three dots on the right-hand side of monitor screen
2. Select Annotation.
3. Select a color under annotator.
4. Use finger to annotate on the screen.
5. To delete annotation, use arrows on the screen that will allow you to delete annotation(s).
Additionally, it allows you to view prior annotation(s) (i.e., layering).

Note: If you use your finger in one continuous drawing without lifting finger off screen, this will act as one stroke and you cannot delete one line at a time, but if you make a diagram and lift your finger while drawing this, it will allow you to delete one stroke at a time.

6. Select clear all and end button in the middle of the screen to close annotation.

Disconnect from Evidence Presentation

1. Go to settings
2. Select display stop or disconnect
3. With white remote hit standby button twice and this will put Cynap into standby mode and it will shut the screen off.
